

## 3E: Pet Rocks

Part of the fun with this '70s-inspired craft is hunting for the perfect rocks to decorate, making it a fitting project for after a nature hike or during a birthday party.

### What you'll need

- Rocks and pebbles
- Glue (hot glue lasts longest, non-toxic glue/glue sticks work well & easier with a larger group)
- Googly eyes and pom-poms
- Fun fur
- Scissors
- Acrylic paints and paintbrushes

### How to make it

1. Set out the rocks and decorating supplies on a big table.
2. Look for natural features in the rocks that resemble noses, chins, ears, and so on.
3. Stick pebbles, googly eyes, and pom-poms in place with the glue. Kids can also use fun fur for hair, mustaches, and beards or apply additional features with acrylic paint.

**Variations:** Try making Pet Shells, an easy adaptation of the basic design and a good way to utilize shells from the beach or nearby park.
